2. Government Proceedings No. 11696—L. F. 188-94 of the 17th April 1899, declining to transfer to the Municipality the local cess on the Abkari revenue in the City.  
 Proposed by Mr. D. Venkatramaiya and seconded by Mr. Cameron, that as the Government have declined to grant the local cess on the Abkari revenue to the Municipality, they may be moved to relieve the Municipality of all medical and educational charges as is the case in the Civil and Military Station.

The charges are—

				Rs.
Medical.	Chattram Hospital	...	...	2,711
	Dispensaries	...	...	2,165
	St. Martha's Hospital	...	...	2,400
	Vaccination	...	...	524
	Maternity	...	...	5,166
	Midwives	...	...	1,220
				14,186
Educational				12,222
				26,408

Carried.

Mr. Krishna Murti here observed that the grant-in-aid to St. Martha's Hospital was no longer necessary as a Government Eye Infirmary with a qualified doctor has since been established, and the new Victoria Hospital with all the latest improvements has been built and will shortly be available to the public. The same Commissioner further remarked that the Maternity was an institution useful not only to the City but also to the mofussil, and that its maintenance was therefore a proper charge on the Provincial revenues.—Seconded by Mr. D. Venkatramaiya.

Resolved that recommendation be made accordingly to Government.

3. Government Proceedings No. 12168—17-96, dated 26th April 1899, re the postponement of the general elections.

Read and recorded.

4. Government Proceedings No. 12462—194-94, dated 2nd May 1899, approving of the levy of Octroi or town duties on certain goods imported into the City Municipal limits.

Read and recorded.

5. Government Proceedings No. 1694-99, dated 8th May 1899, appointing certain officers to constitute a committee to effect early settlement, re the houses demolished in the Bangalore City in connection with plague preventive measures.

Read and recorded.

6. General Secretary's docket No. 6026—11097, dated 10th November 1898, enquiring whether the Municipal Board is willing to bear the cost of clothing purchased for the conservancy staff during the plague season. Also subsequent correspondence together with a bill for clothing received from Ghous Saib for Rs. 362-8-0.

The Board are of opinion that the clothing of the sweepers and scavengers having been destroyed as they were suspected to have been infected; the charge should be met from Plague Funds and that the Plague Commissioner be addressed on the subject.

7. Consideration of the budget estimates for the ensuing year 1899-1900.

## 8. Vice-President's Memo regarding extra establishment required for 1899-1900.

The budget estimates were passed with the following additions and modifications:—

1 Octroi Manager Rs. 50 + 15. This appointment already sanctioned to be deferred until the necessity arises.

2. An additional Assistant Sanitary Inspector to be provided for on Rs. 50 + 15. The horse allowance of the present Assistant Sanitary Inspector to be raised from Rs. 10 to 15. One of these to conduct prosecutions. This obviates the necessity for a separate Prosecuting Inspector.

3. The horse allowance of the Octroi Deputy Inspector to be raised from Rs. 7 to 15.

4. An increase amounting to Rs. 276 to the pay of sweepers and scavengers (*vide* deferred proposition No. 1 above) to be provided for.

9. Consideration of the proposal made by the Secretary to the City Municipal Schools Committee in his docket No. 41, dated 15th March 1899, recommending increases to the Municipal School establishment.

*Resolution.*—The Board concur in the necessity for granting the increases, and will consider the question when the Municipal finances admit of it.

10. Deputy Commissioner's Yadi No. 1194, dated 18th April 1899, *re* Gollar Ranga's gratuity.

*Resolution.*—The Board are willing to bear the proportionate share of the gratuity payable to this man, amounting to Rs. 5.

K. P. PUTTANNA CHETTY, *President*.
